Petitions to revive under 37 CFR 1.137(a) or (b), or requests to withdraw the holding of abandonment under 37 CFR 1.181, should be promptly filed to minimize any negative effects on patent term.

Item 7 - Other reasons for holding abandonment: As required by 37 CFR 1.192 (c)(7) the brief omits the statements, that one or more claims do not stand or fall together, yet presents arguments in support thereof in the arguments section of the brief. Further see MPEP, "Grouping of the claims", for each ground of rejection which appellant contests and which applies to a group of two or more claims, the Board shall select a single claim from the group and shall decide the appeal as to the ground of rejection of the basis of the claims alone unless a statement is included that the claims of the group do not stand or fall together and, in the argument appellant explains why the claims of the group are believed to be separately patentable. Merely pointing out differences in what the claims cover is not an argument as to why the claims are separately patentable. See 37 CFR 1.192 of Section 1206 Appeal Brief
